THE rumor got spread upon the streets last night that James Mickel, partner with Koffard in the murder of Sheriff Burns, had been captured and taken to the penitentiary. Mickel undoubtedly is in the hands of the officers, but he is not yet taken to the penitentiary. Indeed his condition is such that it is very doubtful if he ever sees Salt Lake again. The two, it seems, had help from Koffard's brother to escape. Finding Mickel's condition to be such that there was no hope of his recovery the other two abandoned him and fled to other quarters. It is said to a place high up upon a cliff with fair prospects of getting over the mountain, and thus elude their followers.

Mickel was picked up and taken care of by the officers, placed in a rancher's home while the search for Koffard is being continued. This news was brought north by a resident of Fairview, who says that the "under standing in that Mickel, weak as he is, made a feat at defending a pass, and when he could do it no longer, surrendered. His defense of the pass attracted the attention of the officers and while the firing was going on the two Koffards escaped and are no longer surrounded. A telegram to Sheriff Carter at Mt. Pleasant says "they" have gone east. Some contend that "they" means Mickel as well as the Koffards and that there can be no truth in the above, inasmuch as the officers here have not received any definite word.

That tired Feeling which is so common and so overpowering, is entirely driven off by Hood's Sarsaparilla, the best blood purifier. Hood's Sarsaparilla overcomes weakness.

DOUBTLESS some day, somebody, somewhere, will make a better piano than the Emerson. Up to this year of grace, 1894, nobody has done so. THE EMERSON PIANO makes no false pretenses, claims no intangible merit. The things everybody wants in a piano are an artistic case, a full, rich tone, responsive action and a guarantee of durability. That Joyful Feeling.

With the exhilarating sense of renewed health and strength and eternal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old time medicines and the cheap substitutes sometimes offered but never accepted by the well informed.

The genial and very popular "Dick" Aley, agent for the R. G. W. Ry. company at this city, returned from an extended visit to his old home in Indiana. Richard went to the bedside of his sick father, who soon after his son's return to the old home recovered. The visit thereafter was a most enjoyable one.

ATTORNEY M. M. KELLOGG has returned from his trip to Pittsburg where he went to attend the great G. A. R. encampment. Count on Kellogg using all of his energies for the success of the local democratic ticket this fall.

A COURT of the Ancient Order of Foresters of America was organized in Provo on Saturday last.

A GRAND ball will be given in the Southworth building on Friday evening next by the democratic drum corps. Let the dance be well attended.

THE DISPATCH job rooms laid on our table today a very neat little book, the by-laws of Court Union No. 8130 of the Ancient Order of Foresters of Provo, instituted January 23, 1894. We are pleased to know that the order is in a very prosperous condition and its prospects here are very flattering.

THE DISPATCH regrets that in discussing the matter of the increase of salaries of the county officers the other day what has been construed as a charge of an unseemly character against Judge Jones crept in without the knowledge of the editor. The judge is an active partisan himself and got overcautious always as to what he says of his opponents. We do not mention this as a palliation, but only to remind him as to how others feel under similar circumstances. Circumstances especially conducted there is enough of the unpleasant in politics without resorting to disrespectful language.

THE Salt Lake Herald this morning says: "Sheriff Brown, of Utah county, has notified the police department here that he has picked up three boys who gave their names as John Williams, aged 8 years; William Howe, aged 8 years, and John Howe, aged 9 years. They are said to have run away from their homes in this city, and followed a band of gypsies from here. The boys are being held at Provo pending the receipt of news from their parents." The sheriff has not been in Provo for a couple of days. The boys are not in jail here.

KOCH'S LATEST DISCOVERY.

Dr. Edison of New York's Board of Health says: "It is a Sure Cure For Diphtheria."

At a recent session of the state board of health of New York Dr. Cyrus A. Edison gave an account of the theory and practical application of Dr. Koch's latest discovery, which he considers an absolute and infallible cure for diphtheria if applied within 36 hours after infection.

To state and report upon this remedy Dr. Hermann M. Biggs, the bacteriologist of the New York board of health, had been sent to Berlin and had just returned, confirming all the enthusiastic reports concerning the discovery which had made their way to this country.

It was the purpose of the health department, Dr. Edison announced, to ask from the board of estimate and appropriation a sufficient appropriation to establish a plant for the production of this infallible specific, which otherwise would be too costly to be within the means of poor people. Dr. Edison asserted confidently that if this remedy were placed in the hands of the health department it would save next year the lives of 1,500 people in this city.

The division of pathology and bacteriology at 42 Bleecker street gave an exhibition of specimens of bacteria under the direction of Dr. Biggs. Antisepses were made upon two guinea pigs which had been inoculated with diphtheria bacilli. The result showed that the guinea pigs had developed the disease.

The purpose of the exhibition was principally to encourage the medical profession to devote particular attention to their investigations of diphtheria and consumption cases.

Marriage licenses were issued today to David R. Noaks, aged 24, and Lilla A. Oakley, aged 19, both of Springville, and to Jesse H. Holladay, aged 21, and Jennie A. Peterson, aged 21, both of Santaquin.

The "small obscure farmer" (Open-shaw) runs like a scared wolf, and perhaps the Enquirer has found it out by this time. The people of Utah county know a good man and an honest officer when they see him and they beat the world in sticking to one of this sort, too.

Now the new announcement of the great Co-op today. They are in earnest and mean business. Turn to the first page of this paper and read it. It is good reading and will save you money.

THROUGH courtesy of Deputy Marshal Henry The Deporter is in possession of a photograph of Koffard and Mickel. The marshal has our thanks.

Marvelous Results.

From a letter written by Rev. J. Ganderman, of Dimondale, Mich.: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Smoot Drug Co. Regular size 50c. and \$1.00.

Quarterly Conference.

The quarterly conference of Utah stake will be held in the stake tabernacle on Saturday and Sunday, October 13 and 14, 1894, commencing at 10 o'clock a. m.

All officers and members invited to attend.

The bishops will please see that their quarterly statistical reports are forwarded to the stake clerks immediately.

Weak, Tired, Nervous

Pains in the Stomach—Nine Years of Suffering

How it All Ended.

"G. I. Hood & Co., Lowell, Mass.:

"For 9 years I have had a pain in my stomach besides nervousness, weak spells and constant tired feeling. For the first five years I did not doctor much but gradually growing worse, came to this state for the benefit of my health. I was treated by several good physicians but continued to grow worse. For the last year I have been confined to my bed nearly all the time. I became so weak I could stand but a few minutes at a time. I could eat but a little and I fell in weight from 130 pounds to 80.

About four months ago I commenced taking Hood's Sarsaparilla, and from that time I have steadily improved in health and gained in strength. I also had a bunch on my neck as big as a hen's egg which bothered me to breathe. Since taking Hood's Sarsaparilla that has disappeared. During the past year my husband's body became bloated and he was unable to work. He took two bottles of Hood's Sarsaparilla and is feeling as well as ever." Mrs. ANGE THOMAS, Sodusville, Oregon.
